

10/10 CORPORATION

CAPABILITY STATEMENT

Mastering the Build. Restoring the Future.

COMMERCIAL FACILITIES. BROADER SUPPORT.

10/10 Corporation, LLC is a Fort Worth, Texas general contractor serving the full lifecycle of commercial properties. Our Design-Build-Restore model brings construction and restoration together with facility support, environmental remediation, emergency relief, program management, training, and administrative support. We offer government agencies a single point of contact for these services nationwide.

DIFFERENTIATORS

Integrated Facility Scope

Coordinate commercial construction, roofing, restoration, and ongoing facility maintenance through one point of contact.

Program & People Support

Pair administrative and general management consulting with professional development and other instruction to support program needs.

Scope-Aligned Delivery

Define construction, cleaning, remediation, relief, training, and support requirements together so delivery can be tailored to each assignment.

Environmental & Emergency Coordination

Connect remediation and disaster relief support with restoration and board-up needs. 24/7 phone monitoring; onsite response is subject to availability and project requirements.

Practical Administrative Support

Coordinate notary, travel agency, logistics, and general support services alongside facility and program requirements.
